P. G. AND E. TO HAVE NEW POWER PLANTS BY SPRING

No Danger of Power Supply Being Exhausted By Drought

California's dryest year will not affect the power supply of the Bay cities of Northern California. In time of water shortage the companies that serve the Bay district have steam plants that act as reserve supplies.

The cities of California will not be in danger of being without proper lighting facilities. Two cities in another state were not so fortunate. For two weeks or more Tacoma and Seattle were forced to have the lights shut off, which caused much consternation in the homes, while operations in the industrial plants were practically at a standstill.

At the present time the Pacific Gas and Electric company have several steam stations supplying power, supplementing that from the water plants. These stations are all tied into an interconnected systems, making it possible to shift the output from one locality to another at any time.

The company is not depending wholly on the rain and snow to refill the reservoirs. They are having more steam plants constructed, enabling them to meet an emergency in case of power shortage.

Station "A", in San Francisco, will be the greatest power producer in the whole system when completed. It will have 300,000 horsepower, twice the capacity of "Pit 3," on the Pit river in Shasta county, their largest hydro-electric plant. The Pacific Gas and Electric company expect to have greater power supply next summer and fall than there is now.

ROSE'S GARAGE RECEIVES STOLEN STOCKTON CAR

A stolen car was taken to the Rose Garage Saturday afternoon. It had been in Niles canyon for four days, and A. Roderick notified the garage to remove it.

The car is believed to belong to a resident of Stockton, but the name of the owner is yet unknown. An investigation is being made by the proper authorities. The car is a 1927 model Moon.

See Register for Xmas cards.

Mrs. Kell Receives First Air Message From Son-In-Law

THE FIRST air mail delivered by plane to Niles was dropped from a plane Sunday afternoon, and came to rest on the radio aerial in E. Iacopi's front yard. The note, which had been weighed and tied to a parachute made from a man's pocket handkerchief, was addressed to Mrs. L. Kell, and was from her son-in-law, M. G. Morgan, of Oakland.

The message was to the effect that Mr. Morgan and family were in good health, and that he had been on his way to Santa Cruz when weather conditions near San Jose made flying unpleasant and made his return to Oakland advisable. The plane was flying so low that Mr. Morgan was able to recognize several of the townspeople who had gathered to watch the spectacle, among them Miss Helen Bliss, to whom he sent his best regards.

Mr. Morgan, who was formerly a Niles resident, is training to become a licensed airplane pilot. He started the course two months ago, under the tutelage of an Oakland friend, an experienced pilot, who accompanied Mr. Morgan Sunday. The plane they were flying was from the Maddox lines.

Mr. Iacopi and Frank Ferry, who first espied the descending message, had a difficult time securing it. In order to do so they had to lower an end of the aerial. The message was delivered to Mrs. Kell by Vasco Salvadorini.

NILES MEN HUNT QUAIL IN MOUNTAINS

Earl Teeter and R. Slager motored to the Livermore Mountains on a week-end quail hunting trip. The two hunters returned with the limit of birds.

While there they were guests at the home of Mr. Teeter's aunt and uncle, Mr. and Mrs. Roy Williams.

Dunsmuir—L. H. Manning Commissary Store secured new location at 823 Sacramento avenue.

Township Register for commercial printing.

BROTHER OF MRS. L. DUFFEY ESCAPES DEATH

Grant Catterlin, an employee of the Calaveras dam, was nearly electrocuted when he came in contact with a live wire while repairing a telegraph pole.

He was becoming unconscious when some of the other workmen noticed his predicament and rushed to him as his hold loosened and he started to fall.

He was given first aid treatment immediately, and later was attended by the company doctor. He is improving nicely.

Mr. Catterlin is the brother of Mrs. Lester Duffey, and is well known in Niles.

FORMER TOWNSHIP RESIDENT PASSES IN SAN JOSE HOME

Mrs. Satterthwaite Was Earlier Country Club Member

Mrs. Satterthwaite, wife of Dr. Abbot Satterthwaite, of San Jose, passed away November 27. The funeral services were held at 11 p. m. in the Hocking and Williams Undertaking Parlors.

Dr. and Mrs. Satterthwaite were married in Pennsylvania and came to California immediately afterward. He was the first representative of the Pacific Gas and Electric company in Washington township and resided here for many years. Mrs. Satterthwaite was a former member of the Country Club.

Mrs. Satterthwaite is survived by her husband, Dr. Abbot Satterthwaite, and one daughter, Miss Gertrude M. Satterthwaite, who reside in San Jose.

WORK ON CANYON ROAD CONTINUES IN FACE OF INCLEMENT WEATHER

CANYON ROAD WILL BE 50 FEET WIDE WHEN COMPLETED

Roadmaster Gomes Tells of New Undertaking in Canyon

Another safety measure is being taken in the Niles canyon. The road above the steel bridge is being walled up and the road widened to 50 feet, according to Roadmaster J. D. Gomes, who is carrying out the program planned by Supervisor Ralph Richmond.

The road will be much safer for the heavy traffic which is routed through during the summer months, and it will be able to sustain more weight due to the walling-up process.

The work is the same as that completed further up in the canyon where the road was extremely dangerous, there being room for only one car to pass at a time.

After the new bridges are completed travel through the canyon will be really enjoyable. The Niles canyon is famous for its scenic beauty and during the summer months whole families, from far and near, frequent the picnic grounds and some camp there during their vacations.

Oakland — City council voted $70,000 street improvement.

Highway Will Be Open January 1, Is Latest Report

UNLESS the rains which have intermittently swept the Niles Canyon region this week, develop into storms, the work of repairing the highway through the valley will not be interrupted, it was learned from the county highway department.

Work of filling in the cave-in of some eighty feet, which was caused by fire that destroyed the Western Pacific Railroad's mile-long tunnel through the canyon, was started two weeks ago, and satisfactory progress has been reported to the Sunol Chamber of Commerce, according to G. R. Rorabach, a member of the chamber's committee appointed to investigate the delay in opening the road.

Machinery necessary for the completion of the highway, such as concrete mixers, steam shovels and grading machines, have been taken to the location and are ready to begin operations as soon as the fill has been completed.

Fear was expressed early this week that the rains would cause another delay in the work, and as the highway has been closed since the middle of September, with a resultant loss of business for Sunol merchants, the business men of that community do not intend to permit anything short of uncontrollable nature to halt the work now.

Officials in charge of the repair work, including Roadmaster A. C. Day, expressed themselves as being as determined to rush the completion of the road as any one, but pointed out that if heavy rains come, it will be impossible to do the necessary grading and laying of concrete.

The opening of the canyon road had been tentatively promised for December 15, but it was learned several weeks ago that this would be impossible, and January 1, 1930, was said to be about the correct date on which the road could be opened.

As matters now stand it appears the work will be completed on that date, unless the weather takes a turn for storms. Light rain will not hamper the work to any extent, and hope is expressed that by the first of the year traffic once again may be routed through the canyon.

AMERICAN LEGION BUILDING TO BE COMPLETED IN SIX WEEKS

AFTER THE business meeting of the Washington Township Post of the American Legion Tuesday evening, the assembled ex-service men were guests at a turkey dinner given by Dale Carithers, commander of the post.

Reports on progress and plans for opening the new building, which will be completed in about six weeks, were discussed.

The building is of Spanish design, with large windows and wide double doors. There will be two dressing rooms, an auditorium that will seat approximately 500 people, a stage, a lobby, the men's club room, women's club room, and a roomy kitchen. The rooms will be illuminated at night by a central lighting arrangement.

The roof, which is completed, is made of tile from a Decoto factory. The fireplaces are made of cast stone, and they are large enough to hold logs of medium size.

The plastering is finished and the interior will be ready soon for the decorators to add the finishing touches.

The building will be heated mainly by a furnace which will radiate the warmth throughout the building from a furnace-room below.

J. J. Branagh Company are the construction contractors. They do engineering and general construction work.

Henry H. Myers is the architect, and George R. Klinkhardt is the assistant architect.

CHAMBER PLANS SUSPENDED UNTIL FUTURE DATE

Price of More Lights for Christmas Tree is Too High

At the weekly meeting of the Niles Chamber of Commerce the reconstruction of the Niles band stand was again discussed. It has been discovered that the large tree immediately near the band stand is diseased and will have to be removed, so all plans for reconstruction work is being held in abeyance.

The chamber intended to buy more lights for the living Christmas tree, but the price has gone up since last year, making the purchase impossible.

The luncheon was attended by the regular members of the chamber of commerce.

ANCHORAGE BOLTS

In care of your car, remember to adjust the anchorage bolts that hold th motor in position. These bolts often are responsible for unaccountable motor vibration.

Maywood—Loyal Order of Moose improving grounds in front of new hall on Fifty-eighth street.

CHILDREN CAN EARN MONEY FOR CHRISTMAS

Here is a chance for you, Girls and Boys, to make some extra Christmas money. The Register will pay ten cents a pound for clean cotton rags, and will gladly take up to twenty-five or thirty pounds. By helping us you help yourself. The more rags we buy, the more money you will have to purchase that certain something that has caught your eye and you feel that you must have for Christmas.

MRS. E. MURRAY ASKS PATRONS TO HEED RULE

Mrs. Emma Murray, librarian at the Jane Clough Memorial library, Niles, wishes to remind the public that the library is closed every Monday afternoon from 2:30 to 3 p. m., this period being given over to the children for their story hour.

No one is admitted at this time except children, and this announcement is being made to avert any annoyance which patrons may feel at having to wait outside the building.

This same announcement was made some time ago, but it has been more or less disregarded or forgotten lately.

Spanish Class Will Not Meet in School

The Niles Spanish class has discontinued the meetings at the Niles grammar school and will meet instead at the homes of the various members in the future.

POLITICAL *and* Business Gossip

PLAN TO BETTER RURAL SCHOOLS BEING STUDIED

United Press Dispatch)

SACRAMENTO, Dec. 11.—Alameda county rural elementary schools are vitally affected by an announcement that a campaign to increase state support for rural schools has been started.

According to A. W. Ray, Mill Valley school superintendent, sponsor of the "Marin Plan," the small country schools are being neglected in favor of larger town and city schools.

An initiative measure has been taken to increase the state aid for the rural schools through the "Marin Plan" and is gaining impetus, Mr. Ray reported. Coincident with his announcement came rumors that the California Taxpayers' Association in Los Angeles may attempt to get its "County Unit Plan" on the ballot in 1930 by initiative.

The two plans are diametrically opposed. The "Marin Plan calls for spending considerably more state money than is now used and the "County United Plan would cut down on expenses.

If the propositions appear on the ballot in 1930 it will give the people an opportunity to decide just what sort of rural schools are desired in California. The poverty of the smaller schools has often been stressed by educational leaders, but no definite plan for bettering conditions has ever been attempted.

Mayor Rolph Mentioned As Governor Candidate

By HOMER L. ROBERTS
(U. P. Staff Correspondent)

SACRAMENTO, Calif. Dec. 11. U. P.)—Speaking of political upsets, the thing that would turn the 1930 contest for governor of California into pandemonium would be the entry of Mayor James Rolph of San Francisco.

With a three-way split already looming for the Republican nomination—between Governor Young, State Controller Ray L. Riley and Former Governor Richardson—Rolph's candidacy would just about upset the applecart.

But "Jim" Rolph is the man about whom Governor Young's forces are most alarmed, according to political observers. If Rolph runs for governor with anywhere near the success he runs for mayor, they say, he may split up the Northern California vote in a way that would be nobody's business.

The statement by Former Governor Richardson that "the real contender against Governor Young has not appeared," is regarded in many quarters as an indication that Richardson will "be the contender.

There appears little doubt that Lieutenant-Governor H. L. Carnahan will be Governor Young's running mate again next year. The announcement of Senator C. Nelson of Eureka for the position led some to believe that Nelson had been assured Carnahan would not run. But Governor Young isn't passing up any bets, his friends insist, and a Southern Californian with the strength of Carnahan is needed in the campaign.

H. D. PILLSBURY GIVES ANSWER TO HOOVER PLAN

New telephone construction on the Pacific Coast in 1930 will cost nearly $7,500.00 an hour, or a total of over $65,000,000.00 compared with nearly $7,000.00 an hour in 1929.

"This increase," said H. D. Pillsbury of the Pacific Telephone and Telegraph Company today, "is the company's answer to President Hoover's Prosperity Budget Plan.

Both the 1930 expenditure and the planned expenditure of $333,000,000.00 in the next five years break all records for new telephone construction, and parallel Pacific Coast growth.

The company's new long distance network on the Pacific coast will cost $100,000,000.00 in the next five years and will increase wire capacity 2,000 per cent.

Over $120,600,000.00 will be put into land and new buildings.

B. B. Meek Announces Plan of Public Works

(United Press Dispatch)

SACRAMENTO, Dec. 11—B. B. Meek, director of Public Works, announces that California will spend approximately $88,030,000 on its state and county highways during 1930. This includes state highway expenditures estimated at $38,030,000 and county road expenditures at about $50,000,000. During the first six months of 1930 a total of $10,000,000 will be offered to bidders.

The largest project of all, however, is the development of the water system. The statewide investigation of resources is the most complete in the United States, so Mr. Meek said. He also added that during 1930 one hundred irrigation districts will spend approximately $10,000,000. Flood control, to which the government will contribute, will cost $1,385,000 during this period.

In addition to the highway and water projects many other public works will be investigated and plans will be made for their construction.

Plans Being Made for Standard Code of Rules

By HOMER L. ROBERTS
(U. P. Staff Corespondent)

SACRAMENTO, Calif Dec. 11. (U. P.)—A standard code of field rules by which Niles may govern its own municipal airport or any commercial actvities affectng the city, wll be discussed by the Legislative Aviation Committee which meets here December 13.

Such a code would embrace rules regarding flying, landing, taking off and taxiing; running engines, instruction flying and test fights; parking and mooring areas, dead line, and fire regulations.

All city and county officials interested, representatives of the large air transportation companies and schools of instruction, and owners of private airplanes are invited to the session which opens at 2 p. m. in the state assembly chambers.

See Register for Xmas cards.

TWO MEN INJURED WHILE AT WORK IN NILES CANYON

Two men were recently injured in the Niles canyon while doing reconstruction work on the Western Pacific tunnel.

John Buntich, an employee of the Hanrahan Contracting company, was run down by an automobile while unloading tools early Monday morning. He suffered severe contusions on the right leg, but X-rays showed that there were no fractures.

On December 5, George Freidman, a member of the Western Pacific crew, fell from a scaffold, injuring his left shoulder and spraining his back. He was well enough to return to his work Monday.

Dr. E. C. Grau attended these two cases and gave them necessary medical treatment.

NILES COUPLE WED AT OAKLAND CEREMONY SATURDAY MORNING

Justino Maria, 22, and Miss Ida Veluttini, 16, were married in an Oakland Catholic church at 11 o'clock Saturday morning, December 7. The bride was given in marriage by her father, Justi Veluttini.

The bride was attired in an ensemble of brown silk, with accessories of a corresponding color.

The wedding party assembled at the home of the bride's parents, Mr. and Mrs. Justi Veluttini, in the evening and a superb entertainment followed.

Relatives and friends approximating 300 attended this affair and presented the bride with many beautiful and useful gifts.

The wedding celebration continued until Sunday afternoon, when the bride and groom departed on a honeymoon trip to Los Angeles. The exact length of their stay in that city is undetermined.

Before her marriage, Mrs. Maria was a student in the Niles Grammar school.

Both the bride and groom were born and reared in Niles. Mr. Maria is the son of Mr. and Mrs. Frank Maria.

After the newly-weds return they will reside at the home of the bride's parents in Niles.

The wedding cake, a product of the Excelsior bakery, of Niles and Centerville, was beautifully iced and decorated in a manner quite befitting such a momentous occasion.

NATIONAL PROSPERITY IS ACCREDITED TO ADVERTISING

Do you, Mr. and Mrs. Consumer, feel that you tire of reading advertising? If you do, look around you in your own home and question yourself as to exactly the number of items which you own and which you consider to be necessities. What induced you to buy these articles? Was it not the gradual influence of probably long solicitation by advertising? Day in and day out the advertiser's message has quietly and unobtrusively suggested the purchase of articles which would make living more pleasant.

Reading the facts of advantage in the quality or service of the article in the newspaper, being reminded of what you read by outdoor advertising and point of sale display, given still more information by drect-by-mail solicitation, you unconsciously acquired a general knowledge of the product, and when the time came to buy, you were in a position to judge and weigh the points of superiority between similar articles and decide which of several best suited your need.

The comfort, enjoyment and satisfaction of daily living, so far as these depend on material things, do not consist of the things which are actually needed. No, indeed, they l'e in the group of articles which are better than necessities, in the things which a few years ago were considered luxuries, but which today are in wide usage.

Both President Hoover and Mr. Coolidge accredit advertising with maintaining the scale of our national prosperity. If we, as individuals, are to be well informed on the value, service and quality of the merchandise we buy, let us look upon advertising as an informant, bringing to us real assistance in the intelligent selecton of merchandise.

La Verne—LaVerne Fruit Exchange shipped 1,505 carloads goods during season.

LAND NECESSARY FOR PROJECT GIFT TO PLEASANTON

Council Accepts With Thanks Highly Useful Gift of Property

Opening of Railroad avenue between Spring and Division streets, Pleasanton, was made possible this week when the offer of Mrs. Anna Bilz to deed to that city a strip of her property forty-five feet in width for street purposes was accepted by the city council.

All but one of the other property owners having land where the street will go, have agreed to donate the same width of land in order to make the street certain. Thomas H. Silver and Mrs. Graham readily agreed to give portions of their property while it was reported that the land belonging to Harrison Kolb was all that was needed to open the street.

Securing of the necessary land from Kolb was anticipated with out any difficulty as all concerned realize the enhanced value the opening of the street will give to property located between Main street and the railroad. At the present there is no outlet for it.

The gift to that city came at an opportune time as the street may be laid out and the water and sewer lines placed during the process at a very nominal cost, as the contractor who is constructing these two projects is now on the job. The extra cost of the work entailed will be so small as to be negligible.

Each member of council expressed their thanks to Mrs. Bilz in donating her property and to Mrs. Graham and Mr. Silver for following suit immediately.

The opening of Railraod Avenue will mean an increased frontage for business sections in the future, and at present will mean a great deal to motorists in saving them either making a full turn on Main street or going down Neal or Spring streets to First street in order to reach their desired destination.

Excessive slipping of the clutch on your car will damage the plates beyond repair.

SUNOL -- DEPARTMENT --

The Parent-Teachers' Association of Sunol is giving a Turkey Whist Friday evening, December 13. They expect to make some money to help pay for the christmas presents which they are going to give out December 21 at the Christmas tree.

Mrs. John Trimingham is under the care of the doctors at Peralta Hospital in Oakland. She is reported as getting along nicely.

***

Mrs. Ray Joslin has been quite ill the past week but she is recovering very nicely now.

***

George Roraback was a business visitor in Pleasanton on Monday.

***

Mr. and Mrs. A. C. Day attended the Shriners' convention in Oakland last week-end.

***

Mrs. George Roraback and Mrs. A. Silva motored to San Jose Wednesday on a shopping trip.

***

Mr. and Mrs. E. J. Wilson motored to Oakland on business Wednesday.

***

Miss Mollie Buttner is ill at her home but Doctor Eastman says she is recovering rapidly.

***

Mrs. L. Bonner is taking charge of the library while Miss Buttner is ill.

***

Mrs. Bailey's mother has been very ill the past week.

***

The Parent-Teachers' -Association held a meeting Tuesday and discussed their plans for the Christmas party and tree they are having for the children. They tied over one hundred presents that are to be given away then.

***

The Campfire girls of Sunol had a party Wednesday evening at the community room in the community room in the school house. They all had a lively time.

***

Mrs. Jack Silver, Miss Marjorie Blake and Joe Silver motored to San Francisco.

***

Mrs. A. C. Day and Mrs. Harry Johnson were entertained at a luncheon Thursday, by council president of the Parent-Teachers' Association, Mrs. Rose Bulger, of Hayward.

***

Mrs. Harry Johnson entertained at dinner Sunday for Mr. and Mrs. J. Silver, Marjorie Blake and Joe Silver.

***

Acording to the report of W. R. Anderson, of Spring Valley Water Company, and a very welcome report to everyone, there was .41 of an inch of rain in Sunol, .52 in Pleasanton, .46 in Niles, and .56 in Calaveras. That isn't bad for a start.

***

The Sunol Chamber of Commerce is planning an open air Christmas tree for everyone in Sunol. The tree was planted last year and this is the first time it is to be illuminated. A. W. Ebright, A. C. Wesling, and C. Freeman have charge of the tree and its decoration.

What It Will cost To Operate A Junior College In District

(Editor's Note:—This is the fourth of a series of articles on Junior Colleges which has been prepared under the supervision of a committee whose chairman is E. W. Burr. Questions are invited and will be answered if addressed to "Junior College," care of this paper.)

In our last article we showed that the initial cost of buildings and grounds would be about $173,000. Today we shall discuss the question of operating costs for the first year. It is hoped that our readers will appreciate the effort made to present a frank statement of costs for the committee feels that nothing will be gained by underestimating these important facts. We shall later show what will be received in return for this money so that the voters may determine whether or not the propect should be undertaken.

The principal item among the operating costs is that of salaries. Last week the committee announced, as one part of its policy, that the instructional staff should be abundantly able to render the required service. In one sense, instructors are like automobiles—the more you pay, the better article you get. The following table shows the average salaries of full-time instructors in thirteen junior colleges in 1927-28.

Chaffey	13	$2777
Fullerton	17	2727
Glendale	4	2775
Long Beach	22	2614
Marin Co.	11	2614
Modesto	19	2803
Pasadena	25	2760
Riverside	20	2775
Sacramento	31	2794
San Bern. Co.	15	2891
San Mateo	26	2854
Santa Ana	15	2800
Santa Rosa	16	2172

Av. No. 18 Av. sal. $2736

In a later article we shall advocate the employment of ten instructors for the first year. At an average salary of $2700 this item amounts to $27,000. These instructors would all be required to live in the district and hence the major portion of their expenditures

CARE OF SPARK PLUGS

Cleaning spark plugs on your car will do no good if the porcelain is cracked. An engine miss due to spark plug trouble is generally due to the electrical current finding some other path, usually the outer shell of the plug, and resistance causes a weak spark.

The Township Register pays 10c per pound for clean, cotton rags, without buttons or buckles. D12tfdh.

....the cause IS poor lighting

HAVE you ever heard a child say, in the early evening, "I'm sleepy, Mother, I'll do this home-work tomorrow morning."

That may be a sign of eye-strain. Caused by poor lighting. Oculists know how true this is.

It means a child is slipping instead of forging ahead. The tragedy occurs when a child goes on neglecting studies because of the fact that poor lighting makes him sleepy early.

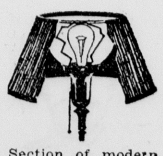
And why should any young person lose their chance in life when *good* lighting in the living-room costs but 1½c an hour!

Would you like to know about proper home lighting? The P G and E's lighting specialists will gladly advise you.

A booklet on correct home lighting

As a tribute to Thomas Alva Edison, inventor of the electric lamp, we have prepared a booklet called "The Romantic Evolution of Light," which has 27 beautiful full-page pictures, 8 by 11 inches. The pictures show the ancient people, in their quaint dress, using the lamps of Babylonia, of Rome, and lamps that were handed down through the dark ages. The booklet traces the development of today's lighting and shows the revolutionary discoveries, during the last few years, of correct home lighting.

Section of modern Duplex lighting unit that directs raw light to ceiling, diffuses it evenly over the entire room and correctly controls the light.



Section of modern floor or table lamp showing diffusion bowl. Excellent method of controlling light. The Duplex floor or table lamps and the ceiling units eliminate eye-strain.

If you like we'll send a copy of this 32 page booklet to you, without cost or obligation.

Telephone to our local office. Or use the convenient request form below.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

Richmond—City council approved location of small oil refinary on inner harbor by Bear State Refineries, Ltd.

Claramont—Norton School for Boys received 20-acre tract land two miles north of here for new school site.

FORMER DENTIST OF CENTERVILLE LEAVES FOR SOUTH

Dr. DuBois Eaton to Take Treatments from Specialists

Dr. and Mrs. DuBois Eaton motored to Santa Barbara Monday where they intend to stay for a month. This move was made to enable Dr. Eaton to receive treatments from specialists at the Scission Sanitarium for systematic disorders.

Dr. Eaton has been a dentist in Centerville for several years but due to poor health he has had to give up his practice for the time being. Dr. A. Douglas has taken over his clientele and will continue with the practice.

A. ENOS INSTALLS PUMPING PLANT IN SAN GREGORIO

A. S. Enos, of the Centerville Electric company, is installing a pumping plant on a dairy owned by C. Medina, of San Gregorio.

Mr. Enos has been working on this pumping plant for two weeks and expects to have it completed shortly. He specializes in this line of electrical engineering.

W. MACMILLAN FAMILY MOVE TO NEW HOME

Dr. S. MacMillan and parents, Mr. and Mrs. James W. MacMillan, have taken over the Mickle establishment and will reside there in the future. Their former residence was near the Washington Union high srhool. Dr. MacMillan has a dental practice in Centerville.

H. S. BUNTING, former Centerville man, fearlessly risked his life with the Southern Pacific trainmen who remained at their posts of duty Monday when the Southern Pacific flyer number 51, containing many Oakland travelers, ran headlong into an oil truck about twenty miles from Bakersfield, setting fire to the train and causing the death of two men. The oil truck contained 2500 gallons of gasoline, which exploded when struck, drenching the head end of the train of cars. They became ignited and the men fought valiantly to extinguish the flames.

Mr. Bunting is a resident of Fresno, and was a former railroad man, but is now in the employ of the Associated Oil company. He is the son of Mrs .F. O. Bunting, of Centerville, where he was born and reared; and the brother of L. O. Bunting of Niles, and J. A. Bunting of San Jose.

Mr. Bunting assisted in removing the body of the mail clerk, John H. Christensen, of San Francisco, who gave his life trying to uncouple the flaming cars. Mr. Bunting then turned his attention to completing the undertaking of Mr. Christensen, and succeeded in uncoupling the flaming cars from the remainder of the train.

Being a former railroad man, Mr. Bunting could operate the locomotive and thus was able to draw the burning cars down the track before the flames could spread to the passenger coaches with their precious human freight.

TWO NEW RESIDENTS IN CENTERVILLE

William O. Kaiser and William Morris, of San Francisco, are two new residents who arrived in Centerville this week. They will make their homes in the Mohn apartments.

Mr. Kaiser is employed at the James Graham Manufacturing company in Newark. Mr. Morris has accepted a position at the sub-station of the Pacific Gas and Electric company in Newark.

LADIES' AID WILL NOT MEET UNTIL 15TH OF JANUARY

Birthday Party to Feature Renewal of Aid Activities

The Ladies' Aid of the Presbyterian church has announced that all meetings have been discontinued until January 1.

The first meeting after this period will be a birthday party in honor of all those whose birthdays were in the months of October, November and December. A present will be given to each honor guest.

A birthday party is given every three months throughout the year, and these affairs are most enjoyable.

MRS. MICKLE AND DAUGHTER VISIT IN LONG BEACH

Mrs. M. Mickle and daughter, Mary, will go to Long Beach next week where they intend to spend a month's vacation with Mr. and Mrs. Walter Elliot, son-in-law and daughter of Mrs. Mickle. Mrs. Mickle was the wife of former Judge C. Mickle, of the justice court.

LOCAL MAN WRITES FROM SOUTH AFRICA

Mrs. I. Crapuchettes received a letter from her brother, Jefferson Davis, Monday. He left Centerville about three months ago on a tour around the world. The letter he wrote was from Johannesburg, South Africa, and in it he stated that he was finding his trip most enjoyable, and the many foreign points of interest very interesting. The exact time of his return is not known as yet.

Mrs. Crapuchettes is Mr. Davis' sister. Mr. Crapuchettes is the owner of the Centerville Cleaning and Dyeing establishment.

Willits—Willits Mercantile Company changed hands.

WASHINGTON HI BOYS WIN FAME AS ATHLETES

The Washington Union High school has had several students develop into famous athletes in the past few years. They received their first real training in that school, which enabled them to go out and attain the prestige which is now theirs.

Most of these men are well known to the people of the township. They are: Lawrence Bettencourt, all-American center on the St. Mary's football team, now baseball player with the St. Louis Browns; Frederick Muller, player with the Seattle baseball team; G. Dondero, baseball player with the St. Louis Browns, and Sidney Snow, who played on the St. Mary's football team and later as a professional with the Oakland team.

The same training that helped perfect the technique of these players is being given to the boys who are attending the Washington Union High school now.

Cotton harvested in state this year from 309,000 acres will total 232,000 bales, according to E. E. Kaufman, Federal Agricultural Statistician.

Hunters Enrich State By Violation of Laws

California hunters and fishers enriched the state treasury by $8,420 during the past season for violation of state laws regulating pursuit of game.

Director of Natural Resources Fred G. Stevenot announced that 251 arrests were made to procure this sum. Only 21 cases were dismissed and eight are still pending.

The fines collected are compared by Stevenot with the 1928 total, which was $8,520.

Personal Items

Miss Kirkman, a Hayward school teacher, visited her friend, Miss Knowles, in Niles Tuesday night. Miss Knowles is a teacher in the Washington Union High school.

Several visitors have called at the Niles Home for the Aged recently. Among them were Mrs. Blanche L. Hamilton, of Oakland, who visited her father, William Leibring, Tuesday afternoon; Mrs. W. Williams and son, Billy, who visited Mrs. Nellie Osborne Sunday. Mrs. Osborne is the mother of Mrs. Williams. R. P. Lathrop, of San Jose, visited his daughter, Mrs. Charlotte Harold Sunday afternoon.

Mrs. Molly Agee ,nurse at the Niles Home for the Aged, visited friends in San Jose Wednesday.

Mrs. S. B. Roe, and daughter, Mrs. Grace Bellis, of San Jose, were guests on Sunday at the home of Mrs. Martha Barker, who is manager of the Niles Home for the Aged.

Mrs. E. C. Wood, of Mill Valley, was a guest at the home of Mr. and Mrs. Roland Bendel last week. Mrs. Wood is Mrs. Bendel's sister.

Mr. and Mrs. Ernest Martin entertained at a dinner in their home Saturday night. The guests were Mr. and Mrs. Lester Duffy, and Mr. and Mrs. Robert Blacow.

Mayron Harris, of Oakland, and Edward Rose motored to Colusa over the week-end on a duck hunting trip. They had a most enjoyable outing and returned with the limit of ducks. The shooting took place at the Colusa Gun Club, of which Mr. Harris is a member,

Mr. and Mrs. Ernest Nagli were guests at the home of Mr. and Mrs. F. Silva, of Richmond, Sunday.

Mr. and Mrs. Ernest Nagli attended a theater in Oakland Monday night. Mr. Nagli is the owner of a dairy delivery in Niles.

Sewer Farm Can Now Care For Pleasanton Population Increases

Finishing Touches are Put On During Current Week

After many months of work the Pleasanton sewer farm has been completed and is now ready for operation. This was the announcement this week by P. C. Madsen, chairman of the Public Utilities Committee of the town council.

A bond issue of $2,000 was voted for the purpose of modernizing the sewer farm, and by conomical acts for which Mr. Madsen is to be highly commended by the town, the farm has been put into shape and ready for use — and within the amount prescribed.

To begin with an additional five acres of land was purchased in order that there might be some place to run the sewage water after work on the old farm had begun. For the past three months the water has been turned into this tract and as yet has not become filled.

The old tract was then graded as smooth as the top of a billiard table, "almost" in the words of those who have done the work. Through this tract irrigation trenches have been constructed every 200 feet, each ditch opening from the large central waterway.

It is now possible to run water for three days into each of the sixteen small tracts. Taking a minimum of two days, it may readily be seen that the old farm is now capable of caring for an entire month's sewage, giving each division a month in which to settle and dry out: Thus it is established, that with the additional five acres, Pleasanton is taken care of until there is more than twice the present population.

The finishing touches on the flume in the center of the tract were put on this week, and the sewer farm is now ready for use by all.

It is anticipated that the city will advertise for blds for the sewage in the near future. This matter is to be taken up at a council meeting shortly, according to Mr. Madsen.

RED CROSS DRIVE NOW UNDER WAY IN PLEASANTON

High School Students Back Campaign, Make Canvass

For the seventh successive year the students of Amador High School have taken over the anular school time being alloted to ton. The students canvassed the city, Sunol and Dublin yesterday afternoon, a half-day of the regular scshool time being alloted to the work.

The three towns were divided into sections and the four classes drew lots for the various districts. In this manner there was no duplication of effort or anyone being solicited more than once.

It was reported by the students that they received some rebuffs, but that the majority of persons solicited were more than glad to subscribe. There was some doubt for a time as to whether the students would back the drive again this year, and until they did get behind the movement, the success of the drive appeared uncertain.

Although the figures were not tabulated at press time Thursday night, it appeared certain that the drive had gone over in the same successful manner as in the past.

CHRISTMAS CARDS

No matter where you go you will find no nicer Christmas cards than we show you this year. cards for friends and for every member of the family. Jolly cards, children's cards, religious cards—all are here. New Year's cards, too, plenty of them.

Mr. and Mrs. Matt Whitfield, Peggy Whitfield, Mr. and Mrs. Cyrus Solon, Mr. and Mrs. P. Boggini, Mr. and Mrs. J. Ferandez and Mrs. George Darrow attended a card party Saturday night at the home of Mr. and Mrs. Harry Weber.

MORE ON What It Will Cost

(Continued from Page One)

would be returned to the merchants of the district.

From the Siskiyou survey we obtain the following statement of further operating costs.

General control	$ 2500
Instructional supplies	$1,000
Clerical service	1.200
Laboratory supplies	1,800
Library	1,200
Operation of plant	5,000
Maintenance of plant	3,600
Insurance	300
Total	$16,600
Instructors' salaries	27,000
Total	$43,600

We thus arrive at a sum of $43,600 as a fair statement of operating costs for the first year.

A business man has asked this question: Why could not the junior college be housed for the present in the buildings of the Hayward Union High School? This is not possible for several reasons. First, the junior college would require ten classrooms and three laboratories, and the plant of the high school is completely occupied with the exception of two undesirable rooms. One of these rooms will have to be used to accomodate a part of the class entering at the beginning of the second semester of this year. This fact furnishes a sufficient answer to the question. In addition, the Hayward Unon Hgh School is not near the center of population of the proposed district, and even if space were available the item of rent would be considerable. Furthermore, the mixing of junior college and high school students in the same buildings is not desirable if it can at all be avoided.

Questions are welcomed and will be answered to the best of the ability of the committee.

PLEASANTON CITY FINANCES ARE IN GOOD SHAPE

Finances of the Town of Pleasanton showed a pleasing condition at the beginning of December, according to the report of Town Clerk C. Letham as given to the council Monday evening. The city had a cash balance of $35,844.69 to start the month.

At the beginning of November there was $32,526.34 in the city's account. During the month a total of $6,606.41 was collected for the town. Of this amount $5,519.93 was for taxes; $702.90 for water rent; $300 from the recorder's court; $59.58 from Alameda county for water; and $24 for business licenses.

Deducted during November was $3,288.06, the amount of claims against the city which were allowed at the previous meeting.

The cash balance in the hands of the town treasurer was divided as follows:

General fund	$ 6,634.84
Water bond fund	659.82
Town hall fund	435.18
Municipal improvement bond fund	644.15
Municipal improvement bond fund (1929)	964.75
Water bond fund	23,009.82
Fire house bond fund	2,624.02
Sewer farm bond fund	834.09

DECOTO BOYS IN HYDRANT TEST ANTICIPATE RAIN

The Decoto boys had a most enjoyable, although most surprising, time Monday evening testing out the new fire hydrant. The fire hydrant in question proved to be in perfect condition, but a veritable cloudburst followed after the water was turned on, because the boys performed with more zeal than skill at the hose practice.

Nothing in range of the stream of water escaped the deluge. Cars, houses and men were sprinkled lavishly. In fact if the practice had been continued for a time there would have been no need for the rain which fell in this locality Monday and Tuesday.

DUFFEY CAR IN CITY PARKING STATION STOLEN

L. J. Duffey, superintendent of the W. S. Dickey Clay Manufacturing company, had his Nash automobile stolen from an Oakland parking station last week.

Investigations are being made, but as yet no trace has been found of the missing car.

Miss Florence Cunha gave a whist party at her home last Saturday. There were five tables of players.

VALUE OF MANNERS

A lot of nice people living in the same neighborhood makes the rent higher. That's one money value of manners.

Lodge Members Receive Second Degree In Niles

A meeting was held Monday night by members of the I. O. O. F. lodge.

The business on hand was mainly degree work, and the second degree was conferred on several candidates from Niles, Irvington and Pleasanton lodges.

After the business had been attended to, the meeting was turned into a social affair.

Mr. and Mrs. Clarence Crane attended the performance at the Dufwin theater, in Oakland, Sunday night, and reported that the program was most pleasing. Mr. Crane is an employee of Rose's garage.

- Niles Personals -

Lacey B. Ferris, barber at the DeLuxe shop, was a business visitor in Oakland Monday.

Mr. and Mrs. Charles Hiser spent Sunday in Oakland, where they visited Mrs. S. Bloodsworth, a dear friend, who has been ill for some time. Her health is improving, and her friends hope for complete recovery soon. Mrs. Bloodsworth resides with her daughter, Mrs. F. F. Fredericks, who is organizer and president of the East Bay Welfare club.

Mr. and Mrs. J. Alberg and Mr. and Mrs. T. Elliot motored to Livermore Sunday to call upon Mrs. C. Abrott, who is recovering her health in the Arroyo Sanitarium. Mr. Alberg is the owner of the Alberg Hardware store in Niles.

Louis Boitano, who has been suffering from injuries sustained in a liquor raid, is recovering nicely. Mr. Boitano is the owner of Boitano's Restaurant.

Miss Marcella Stivers recently motored to San Jose where she made the purchase of a pedigreed German police dog.

Mrs. S. Di Guillo and Edward Leal, of the American Garage, were business visitors in San Francisco Saturday.

The Township Register pays 10c per pound for clean, cotton rags, without buttons or buckles. —D12tfdh.

ART POINT GREETING CARDS

The Art Point line of holiday cards is not the largest. Quality has been made a standard with us rather than quality. The line, however, is amply large to supply every possible requirement for greeting cards, parchments, folders and similar items. A most satisfactory advantage for Art Point is the fact that it is different. Here in California artists work differently and their hands have the touch that Eastern cards do not duplicate. Also, despite the exclusive character of cards, our prices on the average family order are lower than those generally sold in this section of the country. Call at the Register and see the sample display.—N28tfc

FUTURE FOR GRAPE GROWERS APPEARS BETTER THAN EVER

Retrenchment Policy of Vineyardists Given as Reason

Demand for grapes in the future will outdistance the supply was the good news given vineyardists of this district by George Hulsman, pomologist for the United States Department of Agriculture, who recently completed his inspection of grape lands in this district.

It was explained by Hulsman that his inspection showed many of the vineyards to have passed their productive stage; many to have died out entirely, and many to have been removed to make room for what are considered to be more productive crops, with the result that in 1930 and for several years to come the acres of good vineyards will not be able to care for the demand.

For the vineyardist who now has a good resistent stock of the grapes in proper soil locations, Hulsman sees increased incomes for the next decade. Among other things which he pointed out as being behind his prediction for better returns was the improved distribution pledged through the California Vineyardists' association and the more adequate and less expensive handling methods.

LEGAL NOTICES

NOTICE OF HEARING OF PETITION FOR ABANDONMENT OF PUBLIC ROADS.

NOTICE IS HEREBY GIVEN to all freeholders in Washington Road District, Washington Township, Alameda County, California, that Tuesday, the 24th day of December, 1929, at the hour of ten o'clock A. M. of said day at the meeting room of the Board of Supervisors of Alameda County in the Annex of the Hall of Records of said County at the Southeast corner of Fifth and Broadway Streets, in the City of Oakland, County of Alameda, State of California, have been fixed and appointed by the Board of Supervisors of the County of Alameda as the time and place of the hearing of the petition of certain residents of said road district for the abandonment and vacation of portions of public roads in said Washington Road District, which portions sought to be abandoned are hereinafter described, when and where any person interested may appear and give evidence in favor of or against the proposed vacation and abandonment, as petitioned.

The portions of said roads so sought to be abandoned are described as follows, to-wit:

All that portion of County Roads No. 247, 4095 and 5866, commonly known as Niles Canyon Road, lying Northerly and Northwesterly of a line described as follows:

COMMENCING at the point of intersection of the direct production Southwesterly of the Northwesterly line of County Road No. 247 leading from Niles to Sunol with the Easterly line of that certain 0.47 acre parcel of land conveyed by Spring Valley Water Company (a corporation) to Central Pacific Railway Company by deed dated November 14, 1913 and recorded in Liber 2271 of Deeds at page 140 thereof, Records of Alameda County, California, and running thence along the direct production Southwesterly of the Northwesterly line of said County Road No. 247 and along said Northwesterly line North 75 degs. 14 mins. 30 secs. East, 489.29 feet; thence leaving said Northwesterly line, Northeasterly on the arc of a curve to the left, tangent to last said course, the radius of which curve is 567.00 feet, a distance on said arc of 130.00 feet to a point on the Northwesterly line of the aforesaid County Road No. 247; thence along said Northwesterly line North 51 degrs. 18 mins. 45 secs. East, 222.61 feet; thence leaving said Northwesterly line, North 44 degs. 19 mins. 40 secs. East, 186.19 feet; thence Northeasterly on the arc of a curve to the right, tangent to last said course, the radius of which curve is 333.00 feet, a distance on said arc of 73.30 feet; thence North 56 degrees, 56 mins. 20 secs. East, 137.86 feet; thence North 62 degrs. 00 mins. West, 35.00 feet; thence North 28 degrs. 00 mins. East, 20.00 feet; thence South 62 degrs. 00 mins. East, 74.04 feet; thence North 66 degrs. 25 mins. 10 secs. East, 215.77 feet; thence North 23 degrs. 34 mins. 50 secs. West, 17.00 feet; thence North 66 degrs. 25 mins. 10 secs. East, 105.00 feet; thence South 23 degrs. 34 mins. 50 secs. East, 10.00 feet; thence North 66 degrs. 25 mins. 10 secs. East, 95.71 feet; thence North 68 degrs. 26 mins. 25 secs. East, 882.25 feet (at 271.92 feet and 749.59 feet intersect the Northwesterly line of County Road No. 247); thence North 21 degrs. 33 mins. 35 secs. West, 10.00 feet; thence Northeasterly on the arc of a curve to the left, tangent at last said point to a course which bears North 68 degrs. 26 mins. 25 secs. East, the radius of which curve is 430.00 feet, a distance on said arc of 511.65 feet; thence North 0 degrs. 15 mins. 55 secs. East, 157.99 feet; thence Northerly and Northwesterly on the arc of a curve to the left, tangent to last said course, the radius of which curve is 3950.00 feet, a distance on said arc of 390.66 feet; thence North 5 degrs. 24 mins. 05 secs. West, 344.54 feet; thence North 84 degrs. 35 mins. 55 secs. East, 17.00 feet; thence North 5 degrs. 24 mins. 05 secs. West, 202.53 feet; thence Northwesterly, Northerly and Northeasterly on the arc of a curve to the right, tangent to last said course, the radius of which curve is 433.00 feet, a distance on said arc of 161.91 feet; thence North 16 degrs. 01 mins. 25 secs. East, 317.50 feet to a point on the Southwesterly line of County Road No. 4974 as said road now exists by that certain deed from Spring Valley Water Company (a corporation) to County of Alameda, dated October 1, 1910 and recorded in Liber 1897 of Deeds at page 111 thereof, Records of Alameda County, California.

Dated this 26th day of November, 1929.

BY ORDER OF THE BOARD OF SUPERVISORS OF THE COUNTY OF ALAMEDA.

GEO. E. GROSS,
County Clerk and Ex-officio Clerk of the Board of Supervisors of the County of Alameda.

Contract awarded for paving ten-foot strip to widen Coast highway between Sunset Beach and Newport Beach to thirty feet.

Personal Mention.

Mrs. G. R. Mohn and daughter, Greta, of Niles Canyon, motored to Concord Sunday and spent the day with Mr. and Mrs. L. A. Mohn.

Andrew Burrington and Miss Edith Comber, of San Francisco, visited in Niles Sunday and were guests of friends in Niles Canyon.

J. D. Ferry, owner and manager of the Mint Barber shop, is completing the painting and repairs on the interior. He has improved the apearance of the shop by the installation of new mirrors and general remodeling.

Mrs. Paul Knudsen is visiting her sister in Pittsburg for a few days. She left Niles Wednesday.

Mr. and Mrs. George Ferry, accompanied by Mr. and Mrs. R. Cozzi, and son, Ronald, motored to Turlock Sunday to visit Mr. and Mrs. George Farrel and family.

Mr. and Mrs. Frank Duarte entertained at a dinner Sunday at their home. Among the guests present were Mr. and Mrs. Herman Duarte and daughter, Vernez, of Martinez; Mr. and Mrs. George Gavias, of Hayward; Mr. and Mrs. Arthur Duarte, and Mr. and Mrs. J. R. Fontes, of Niles.

Mr .and Mrs. S. Marshall and family attended the baseball game played between the Livermore and Hayward teams in Hayward Sunday. The game was won by the Hayward team, the score being 4 to 1. The game was stopped in the seventh inning.

M. Hadad, owner of the Hadad Clothing Store, attended a dinner at the home of his brother-in-law, Fred Naphan, of Berkeley, Sunday afternoon.

Mr. and Mrs. Charles Jensen and son, of Newark, were dinner guests at the home of Mr. and Mrs. Owen Swainson, on Sunday.

NILES CAMP FIRE GIRLS HEAR TALK BY WALDO EMERSON

Lecture Given in Hayward Home of Alameda Naturalist

The Niles Camp Fire Girls, the Tinega group, were guests at the Hayward home of Waldo Emerson, Southern Alameda county naturalist, Saturday afternoon, December 7. Mr. Emerson has devoted his life to nature study, and to the painting of bird pictures, which are beautiful descriptive works of art. In addition to being adept with the brush, he is an interesting conversationalist.

The Camp Fire Girls were shown many birds of California and South America, and in the informal lecture Mr. Emerson gave he told of the habits, homes, and in all the general history of the birds.

The Tinega group was taken to Hayward in cars driven by Mrs. Elmer Brinkmeyer and Mrs. J. E. Townsend.

Dunsmuir—Siskiyou County Automobile Show with Northern California Fashion Show held here recently.

PROMISE GIVEN TO FURNISH FUEL AHEAD OF LIMIT

Work will Start when Certificate is Granted to P. G. and E.

NATURAL GAS is to be furnished Pleasanton by the Pacific Gas and Electric company under the terms of a franchise granted that corporation by city council last week. This privilege was sold to the Pacific Gas and Electric company for $250, the amount of its sealed bid.

Under the terms of this franchise natural gas is to be furnished to the residents of that city within the next twelve months, and the work of laying the pipe lines to begin within four months. Council was informed by counsel for the company that work was to start as soon as the certificate of public convenience was received from the Railraod Commission.

The Pacific Gas and Electric Company was unopposed in its bid for the franchise. It was thought that representatives of the Consumer's Gas Company, which concern already had purchased a franchise only to lose it on a technicality, would be present at the meeting and bid against the other company.

The franchise granted the Pacific Gas and Electric company was for just half the amount paid by the Consumer's Gas Co. two months ago. It was a surprize to all that the latter company did not seek to contest the grant inasmuch as the Standard Oil company of California announced the purchase of that company late last week.

Under the present status, there are several courses open to the Consumer's Gas Company. It may go to court and test the legality of council's action in rescinding the franchise, or it may make application for another grant among other things.

Representatives of the Pacific Gas and Electric company stated that it will be furnishing Pleasanton with natural gas within the period allowed it under the terms of the franchise, pointing out that their main pressure lines are now within a few miles of this district and that by March 1930, they will have completed a network of gas mains which will completely surround Pleasanton

In addition to accepting the bid of the Pacific Gas and Electric Company, council gave the first reading to the official ordinance necessary to permit the company to use the streets and alley of the city to lay its mains. At the next meeting of council this ordinance will be given its second and third reading and placed on the official records of the town, unless some unforseen circumstance should arise, such as was the case with the franchise granted the Consumer's Gas Company.

A personal bond was filed with city by the Pacific Gas and Electric Company for the fulfillment of its contract as contained in the franchise. Council accepted this bond, with the understanding that it would be replaced by one made by sureity company. The bond furnished was signed by officers of the company.

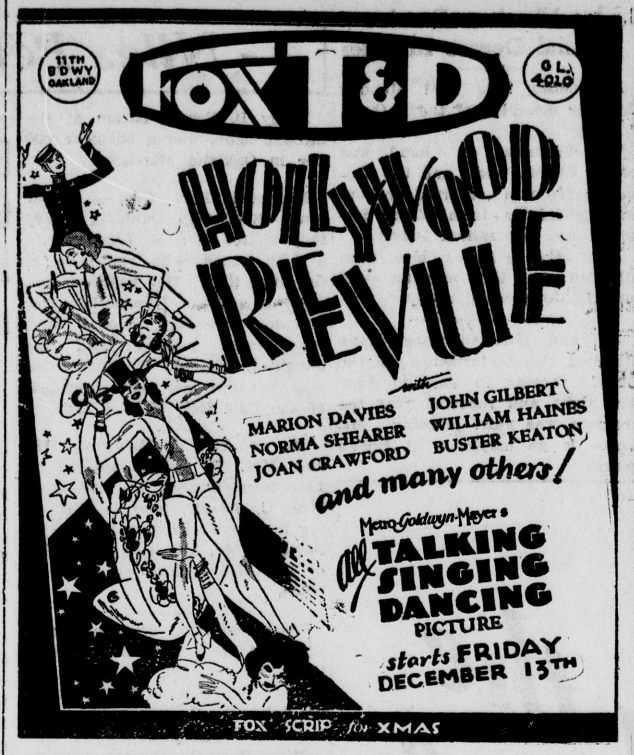
It is the most speedy remedy known.



Local Firm Stresses Service for Radios

The Farrington-Myers Electric company wish to stress the word service in connection with radios of any kind. In the long run service can do more for a radio than anything else. Service means the same to a defective receiving set that medical attention means to a person who is ill. Often a radio that is not receiving properly will respond to treatment, only some slight repair may be needed.

When your radio needs expert repairs call the Farrington-Myers Electric company, for this firm gives guaranteed service; it is their specialty.

The Farrington-Myers Electric company are dealers for Stewart-Warner radios, the set with the television plug-in.

Geyserville—Rexall Drug Store changed hands.

BRIDGE LUNCH IN HONOR OF MRS. FISHER

Mrs. Lester Duffy and Mrs. Milton Wilder entertained at a bridge-luncheon Thursday in honor of a very dear friend, Mrs. Fisher, who has just returned from England.

The assembled guests had a most enjoyable afternoon. Those who received prizes were Mrs. Fisher, the honor guest prize; Mrs. E. A. Ellsworth, first prize, and Mrs. F. V. Jones, consolation prize.

CARD OF THANKS

I wish to thank the many friends and relatives who sent expressions of sympathy and regret during the illness and at the death of my husband, George Wilson.

MRS. ELIZA WILSON.
